COMENTARIOS:

Según la aplicación prevista las balas se funden con plomo puro para avancarga o con plomo aleado para cartucho metálico.

Bajo pedido pueden fundirse según las preferencias del tirador. Consultar

Peso teórico de la bala con el metal que se indica

Se suministran en bolsitas de 50 o en cajitas de 100 unidades según calibre, sin engrasar ni recalibrar.

A petición del tirador pueden suministrarse engrasadas y recalibradas. Consultar
